

2018 GWBAA Golf Classic

September 13, 2018
1757 Golf Club
Dulles, VA

Tournament Description

GWBAA will be hosting our 14th annual Golf Classic on September 13, 2018. The day benefits GWBAA to help us continue our mission to support the corporate aviation community in the Baltimore, Washington DC, and beyond. The day also benefits the Aero Club of Washington Foundation and the Corporate Angle Network.

We will have a great day of golf at the beautiful 1757 Golf Club in Dulles, VA. We will be playing a four player team scramble tournament. Players without foursomes will be matched by tournament host.

750AM—Welcome & Course Briefing

8AM – Shotgun start

1PM – 230PM – Lunch and Awards ceremony

Letter from GWBAA President

Friends,

Thank you for your continued support of the Greater Washington Business Aviation Association and its annual Golf Event.

We are happy to announce that the 14th Annual Golf Outing will be held on Thursday September 13th, 2018 at the 1757 Golf Club in Herndon Virginia.

For more than 14 years, GWBAA has served two purposes: one, to help support worthwhile charities and two, to bring together business aviation industry leaders for a day of fun, friendship, and camaraderie networking while playing golf for a good cause. We anticipate that the 2018 version of the tournament will once again prove to be a great opportunity to catch up with old friends, make new ones and support great charitable organizations.

This year proceeds of the tournament will once again support Corporate Angel Network, Veteran's Airlift Command and the Aero Club of Washington Foundation. These organizations—long-time beneficiaries of our tournament—provide much needed support and services to those seeking cancer treatment, our wounded warriors and Washington DC Students.

We hope you will make plans to join us on September 13th, 2018

I am looking forward to seeing you there!

Bob Blouin- President, GWBAA

This picturesque golf course is par 70 golf course is “a shot makers dream and features views of the majestic Virginia landscape” and continuous aircraft on final for KIAD. The course scores 4.3 out of 5 stars on Google.

GWBAA Golf Classic Beneficiaries

Aero Club of Washington Foundation - www.aeroclub.org

Its mission, to foster interest in the principles and development of aviation, aeronautics and the science of aerodynamics by establishing and sponsoring educational programs at public and Charter schools in the District of Columbia, is carried out in a variety of meaningful initiatives.

The Foundation's President, Yvette A. Rose, was appointed by the Aero Club Board of Governors in

May 2016 and has been working to build the Foundation since January 2013. The Foundation Liaison, Faye Malarkey Black, was appointed in January 2015. We are proud to offer support to advance aviation education and help prepare tomorrow's leaders in the aviation and aerospace industries.

The success of the Foundation is measured in the wide-eyed faces of the District's youth when they sit at a flight simulator or board an airplane for the first time; witness how air traffic controllers keep the flying public safe; hear the stories of people just like them who pursued a path in aviation with insight and vision and are made to believe it is just as possible for them.

Corporate Angel Network - www.corpangelnetwork.org/home

Corporate Angel Network is the only charitable organization whose sole mission is to fly cancer patients (both children and adults) to treatment at no cost to them on empty seats on both private and corporate planes. This not only improves the patients' chances of survival, but, it also reduces their emotional stress, physical discomfort, and financial

burden.

Thanks to the generous cooperation of 500 of America's top corporations, including half of the top 100 in the Fortune 500, Corporate Angel Network has coordinated more than 52,000 flights since its founding in 1981.

The program offers an obvious and meaningful benefit to cancer patients and their caregivers along with the opportunity for companies with corporate aircraft to provide a wonderful community service by merging business activities with corporate social responsibility.
